

## MP pops in to lead assembly

Cannock MP Aidan Burley visited a Rugeley school and took its assembly.

The Tory MP was at Western Springs Community Primary School after the school won the 2010-011 Learning Outside the Classroom (LOtC) award for excellence in innovation.

The awards are sponsored by TUI Education Division and are awarded to schools that have a strong commitment to providing an innovative curriculum that offers its pupils real world, practical experiences.

“This award demonstrates the school’s fresh and creative approach to giving its pupils hands-on experience.

“It was a real treat to be asked to take the school assembly, if a little nerve-racking.

Mr Robson added: “Winning the award was a huge achievement for the school. It was a great honour to have Aidan recognise all the hard work of both staff and pupils. Whilst Aidan was with us he took morning assembly, which all of the children loved.”
